Date: Thursday, January 15, 2004 (after last Semester Exam)
Departure: 12:45 p.m. from Quigley

The annual Quigley Ski Trip offers all students the opportunity to ski, from beginner to expert. Though we will be returning late at night, there is no school the next day. *All students must have a ride from Quigley upon returning and are expected to make the necessary arrangements.* We do expect to return around 12:00 a.m. (midnight) but please understand that this is a long trip, and we cannot be precise about our return time. **Parents, please make sure your son's ride home is at Quigley when we return and not back at home waiting for a phone call.**

It is necessary that a student have parental permission to participate in this Ski trip. *School insurance does not cover a Quigley student in case of injury. You must have your own insurance plan.*

- Dressed warmly and in layers. Long underwear is a plus. Don't forget hat and gloves or mittens. Bring a backpack for your belongings.
- Each lunch locally before we leave. Bring some money for ski deposit and food, which is not cheap in the ski lodge. Lockers for belongings require 4 quarters.
